St Bede's Catholic Academy

Year 7

Welcome to Year 7

I'm Mrs Cotterill and I'll be helping you with your transition to St Bede's Catholic Academy.

Full Name

To save you getting bored over the summer, I have put together some activities for you. If you do not use your brain during the summer you will find it hard to settle to work when you start school in September. The following pages of work are **<u>NOT</u>** compulsory and **<u>isn't</u>** homework but something that you can work on over the summer.

This Way to the FUN

Locate the following places on the map and find a fact on each place, the total population of each and also which County it is in.

Edinburgh

Bristol

Swansea

Liverpool

Newcastle

London

**Birmingham**

Leicester

Kent

Steph's watch runs 2 minutes per hour too slow. Ryan's watch runs 1 minute per hour too fast. They set them to the same time at noon on Sunday. The next time they met, one of the watches was one hour ahead of the other. What was the earliest time this could have been?

Heidi and Peter went for a walk from Scafell Pike to Skiddaw in the Lake District. They left Scafell at 12 noon and the sign there said that Skiddaw was 2 hours and 55 minutes away.

At one o'clock they sat down for lunch under another sign which said that Skiddaw was now only 1 hour and 15 minutes away.

After stopping for 15 minutes for lunch, they continued their walk at the same speed as before without any further breaks.

At what time did they reach Skiddaw?

Use the internet or draw a picture of a symbol from one of the major religions of the world.

• Describe what it is

• Which religion is it from?

• Why is it important to that religion?

• Give 3 facts about the religion you have chosen

In Pairs - Have a conversation where each sentence begins with the next letter of the alphabet.

This may seem difficult at first, but improves with practice. If you get stuck, you can also use sounds to start a sentence, for example 'Mmmm' or 'tut-tut'. Here is an example:

A: Anyone seen my cat?
B: Black one, with funny eyes?
A: Can't say I remember.
B: Don't tell me you've forgotten what it looks like?
A: Every cat looks the same to me.
B: Fortunately, I found one yesterday
A: Gee, that's great!

* You could also try beginning somewhere in the middle of the alphabet. Then when you reach 'Z', return to 'A' until you arrive back where you started.

* Try setting the scene or location before you start.

* It's great for car journeys too!

What is an INPUT DEVICE?

What is an OUTPUT DEVICE?

Can you give some examples of both of these?

Answers:

Find the names of 10 cities or towns in France and mark them on the map
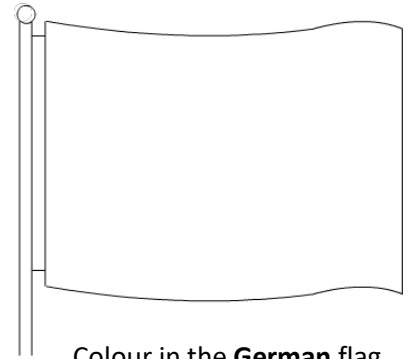

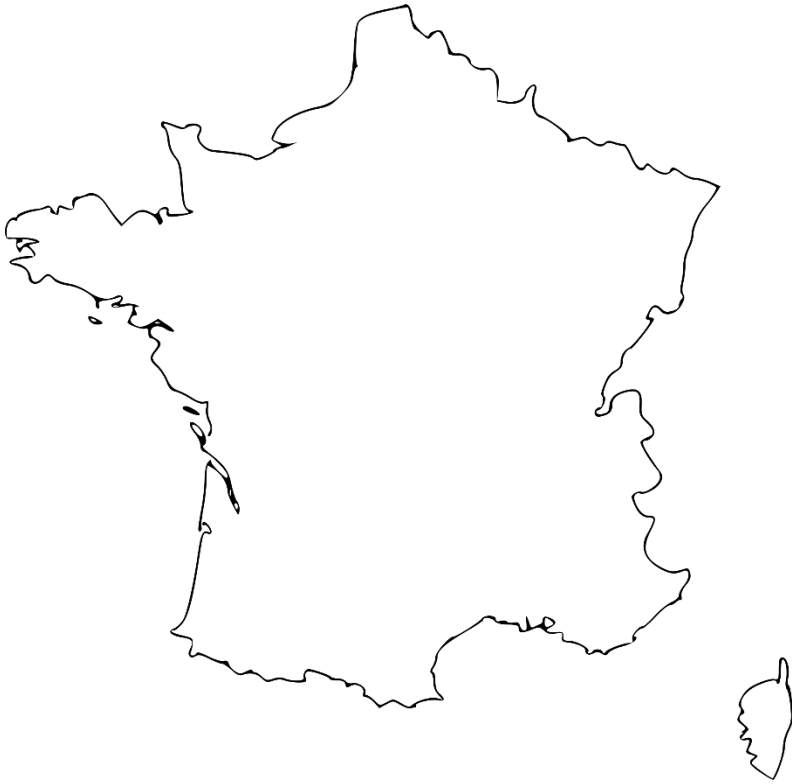

Colour in the **German** flag

Choose one of the cities and find out 3 facts about it

City	
Fact 1	
Fact 2	
Fact 3	

List some foods which are German specialities

Safety in the Science Laboratory is very important. Write your own set of rules for safety
and give reasons why these rules are important.

Rule	Reason
Tie hair back	To prevent hair catching fire when using Bunsen burners

Design your own Science safety poster in the box below

Timetables

At the start of each year you will be given a timetable that tells you what subject you have each lesson, where the lesson will be taught and the initials of the teacher who will teach you. You will be expected to copy it into your planner and to follow it each day.

	1		2		3		4		LT		5
